Public Remarks

Custom built 3 Bedroom/1 Bath brick home nestled on a wooded .94 acre tract in Newton. This home has approximately 1550 square feet and is loaded with amenities. The home features a formal living room with masonry fireplace, dining area, large kitchen with loads of cabinet space and large island divider, large laundry room with pull-down ironing board, and a cozy den with a masonry fireplace with gas hook-up. Along with the 3 sizable bedrooms, this home features NEW thermal windows, plenty of moldings and has been painted throughout. The home is floored with a combination of hardwoods and tile. The home has a well landscaped natural setting featuring a creek on the lower side of the property. Other amenities are a 12' X 14' outbuilding, wiring update completed in 2013, Leaf Guard Gutters, a concrete patio and a small floral garden area.
